ORDER

BE IT REMEMBERED that this matter was called for pretrial conference on June 13, 2016. Counsel for parties appeared and argued their motions in Limine.

The Court first heard Plaintiffs' motions in Limine and granted motions numbered 3, 5, 7, 8, and 10. The Court denied motion number 2. The court declined to rule on numbers 9 and 11 until trial, and the Court took numbers 1, 4, 6, and 12 under submission. The Court also heard argument on the Plaintiffs' motion to conduct a jury questionnaire, and that was taken under advisement.

The court next heard Defendants' motion in Limine and granted motions numbered 1, 2, 3, 6, and 8-12. The Court denied motions numbered 5, 7, and 13-16, and the Court declined to rule on number 4 until trial. Numbers 17-25 were continued to the final pretrial conference on June 17, 2016.

NOW, having had the opportunity to review the issues at hand, the Court rules on the matters previously taken under submission as follows: The Court grants Plaintiffs' motion in Limine numbers 4 and 12, denies numbers 1 and 6, and jury questionnaire was withdrawn.

SO ORDERED:

Michael W. Noble, Judge
